Many schools offer long vacations between semesters and around holidays.

But returning to school after an extended break can leave you filled with worry and anxiety.

Hannah's New School

In the morning, Hannah was very nervous. “Why do I have to go to a new school, Mom?” “Don’t worry, you’ll like it when you get there.” Hannah arrived at her new school. She walked into her new classroom and met her new teacher.

She was a little scared at first but the teacher smiled. Hannah sat down, and the teacher started her lesson. At lunchtime, Hannah talked with her new classmates. At 3 o’clock the bell rang. It was time to go home. Hannah is looking forward to tomorrow.
