Where do you think they are?

When was the last time you were at the hospital?

What is Hospital?

A **Hospital** is:

a place where people who are **sick** are treated and taken care of by **doctors** and **nurses**.

Have you ever been to a hospital?

Doctors use:

1. Syringe

2. Thermometer

3. Stethoscope

- A. What do you think they are for?
B. Look at the picture on the left, why do you think the boy is crying?

Vocabulary Build up

Match the words to the and bottom pictures. Use the words in the box.

doctor	check up	ill
ambulance	medicine	nurse

Sarah is sick

Sarah is sick. She didn't go to school today. She went to see the doctor at the hospital with her mom. Dr. Jones listened to Sarah's problems. Sarah has a sore throat, a bad cough and a headache. He told Sarah, "You have a cold. You have to look after yourself." Dr. Jones gave Sarah some medicine. Sarah has to take every day for one week. She also has to stay home and rest. By next week, Sarah should be all better.

Answer the questions about the story.

1. What happened to Sarah?
2. Did she go to school today?
3. Where did Sarah and her mom go?
4. What does she have?
5. What did the doctor give her?
6. What did the doctor tell her?
7. What should Sarah do?
8. When will she feel better?

Match the symptoms with the illnesses in the box.
